## Antiqued Hardwood Flooring

# 9 Series PLUS with UV Urethane

*Each Bella Citta Floor follows a recipe of treatments to produce the final surface color and texturing. To achieve each wide-planks unique beauty, the planks can take 7 to 21 days of crafting during the color & treatment phase of production. Unlike a simple staining process that generally takes 20 minutes from start to finish, a Bella Citta hardwood floor of art can take weeks with multiple layers of color treatments. Our treatments include smoking, reactive staining, wire-brushing, hand-scraping, liming, white-washing and final surface coating. Each Bella Citta color recipe is uniquely different with a depth of color that is unachievable through simple staining. We are passionate about producing the very best looking hardwood floors in the world.*

# 9 Series PLUS

## **NATURAL BEAUTY**

- Same trees as used to make red wine and bourbon barrels.
- Selectively harvested at full maturity often well over a century old from the managed forest.
- French/German White Oak, rich in tannins, combined with our proprietary fuming process creates natural colors without adding traditional stain.

## **HIGH QUALITY & HIGH VALUE**

- Features a strong 3-ply cross-grain core (Bahamas, Neutrino, Biarritz, Moorea & Papeete) or 7-layer plywood core (Palermo XW, Spezia XW & Turin Bianco XW) construction. This design resists shrinkage, expansion and warping from seasonal changes. A hardwood core enhances stability.
- Radiant heat compatible (Bahamas, Neutrino, Biarritz, Moorea and Papeete).

## **LONG LIFE**

- Ultra-matte UV Urethane finish (Bona Naturale on Biarritz, Moorea & Papeete) no oil, no wax, no worry.
- Full 3.2mm or 4mm hardwood surface re-sandable up to 3x.
- Repairable.

## **LIVE SAWN SOLID TOP WEAR LAYER**

- Logs are “live-sawn”. By cutting straight through the log, you get a high percentage of spectacular and stable quartersawn sections with medullar flecks and cathedral grain all in the same plank. Wide live-sawn planks show the various idiosyncrasies of each log, including knots, pith or mineral deposits.
- Natural variations occur by using the whole log adding unique character and personality to each room.

## **WARRANTY**

- Lifetime Structural Warranty
- 50 year Residential Surface Warranty
- 1 year Light Commercial Surface Warranty

# 9 Series PLUS

## ENVIRONMENTAL CHOICE

### ENVIRONMENTALLY AND SOCIALLY RESPONSIBLE SOURCES

- Harvested only from certified forests.
- Selectively harvested at full maturity often well over a century old from the managed forest.
- Lacey Act Compliant.

### HEALTHY PRODUCT COMMITMENT

- CARB II compliant.
- No added formaldehyde (Biarritz, Moorea & Papeete).
- No VOCs.
- FloorScore.

### CONTRIBUTES TO LEED CREDITS

#### Relevant LEED Credits

- **IEQ 4.4 (Low Emitting Materials: Composite Wood and Agrifiber Products)**  
To achieve a point under IEQ 4.4, "...composite wood and agrifiber products used on the interior of the building (defined as inside of the weatherproofing system) shall contain no added urea-formaldehyde resins..." Under EQ 4.4, composite wood and agrifiber products are defined as particleboard, medium density fiberboard (MDF), plywood, wheatboard, strawboard, engineered wood flooring, panel substrates and door cores.
- **IEQ 4.3 (Low-emitting materials - flooring systems)**  
All hard surface flooring installed in the building interior must meet one of the following requirements: Meet the requirements of the FloorScore<sup>2</sup> standard (current as of the date of this rating system, or more stringent version) as shown with testing by an independent third-party. Continue reading the requirement on [USGBC homepage](http://USGBC.com).

## PRODUCT SPECIFICATION & PARTS LIST

LUD 11/10/20

<b>Board Dimension</b>	Designer colors : 9/16" x 9.5" x RL (24"-84") Core colors : 5/8" x 9.5" x RL (24"-86")
<b>Top Wear Layer</b>	Designer colors : 3.2 mm Live Sawn Solid Top Wear Layer Core colors : 4 mm Live Sawn Solid Top Wear Layer
<b>Construction</b>	Designer colors : 1 Strip Wide Plank, 3-ply Engineered with Hevea middle layer. Core colors : 1 Strip Wide Plank, 7 multi-ply Engineered with Eucalyptus plywood middle layer. Tongue & groove, end-matched. CARB 2 Certified Plywood Core = emissions<.05ppm.
<b>Finish</b>	Designer colors : Bona Naturale Ultra-Matte UV Urethane Finish. Core colors : Ultra-Matte UV Urethane Finish.
<b>Use</b>	Residential, Commercial (light to medium traffic).
<b>Installation</b>	Glue down, Nail/Staple down, Floating. Can be installed on, above and below grade. Radiant heat compatible (Designer colors). Refer to the Bella Citta Installation Guide for detailed installation instructions.
<b>Package</b>	Designer colors : 33.02 Sq.ft. / Carton Core colors : 34.10 Sq.ft. / Carton
<b>Quantity / Pallet</b>	Designer colors : 44 Cartons / Pallet, 1,452.88 Sq.ft. / Pallet Core colors : 24 Cartons / Pallet, 818.40 Sq.ft. / Pallet
<b>Weight</b>	Designer colors : 63.40 Lbs / Carton Core colors : 69.00 Lbs / Carton
<b>Carton Dimension</b>	3.5" x 9.75" x 84.5"
<b>MC on Delivery</b>	9 - 13%
<b>Warranty</b>	50 Year Limited Finish Warranty and Lifetime Limited Structural Integrity Warranty. 1 Year Commercial Finish Warranty. See Bella Citta Warranty guide at <a href="http://www.bellacittafloors.com">www.bellacittafloors.com</a> for specific details.
<b>Maintenance</b>	Vacuum regularly to keep surface clean from foreign objects. See Bella Citta Maintenance guide at <a href="http://www.bellacittafloors.com">www.bellacittafloors.com</a> for specific details.

Pattern	Product Code	Species	Grade	Treatments and Features
